

HRO Resources is working with insurance brokers across the country, helping them increase revenues on their books of business by adding HR & Payroll services through our Valued Partner Program.

Why join the partnership:

Work with a partner you can trust

HRO's partnership agreements legally bind us to deliver on two things: 1) residual commissions for the life of the client and 2) no cross-selling.

Remove existing threats (ADP, Paychex, etc)

Protect your book of business by removing companies like ADP from the relationship. Once they have the payroll, they are notorious for going after insurance. At HRO, we legally bind ourselves to stay out of your business (see above) and help you protect your clients.

Earn commissions that are 100% margin

Residual, referral commissions have no additional servicing costs, which means they go straight to the bottom line!

Fully integrated HR/payroll platform

Applicant tracking • Electronic employee onboarding • Electronic benefits enrollment
Employee self-service • Time & attendance • Direct deposit

HR professionals and resources

Dedicated HR Manager • Expert HR guidance • HR Compliance Assessment
Updating Employee Handbook • Access to HR forms, templates, and compliance updates
Sexual harassment training • Guidance on employee relations, including hiring, discipline, and termination
